Dear Sir,

I was told that a member of your society is
collector of medals of Napoleon I.

You would oblige me highly, if you had the
kindness to favour me with his adress.

Very Respectfully Yours

Dear Sir:

Please accept my thanks for the copy of your Auction Catalogue of the Collection of the Freiherr von Zu-Rhein, etc., which is to be held on June 28th, 1920.

It is a very handsome catalogue, and as one of our members is interested in the Collection of Wurzburg, I shall take pleasure in calling it to his attention.

In this connection, may I ask for information concerning an Auction Catalogue of the sale of 5437 numbers with 42 plates which was sent us in 1914? Our catalogue lacks the title page, and I am under the impression that the auction did not take place. I should appreciate a word from you.

If you issue a Book List, or a fixed price list in which books form a section, I should be very glad to see a copy.

Very respectfully yours,

Secretary

MÜNCHEN,

Dear Sir,

I hope you will have received the catalogue of my auction sale on March 20th and should be glad to get your esteemed orders.

Of course, the taxations I added cannot be obligatory, as the definite prizes are only fixed by the sale itself, but they make it easier to give limits with some chance of getting the wanted pieces.

I should be most obliged to you, if you could write me, in what sort of coins and medals you are specially interested, that I may send you my catalogues for the future.

Yours faithfully

Otto Helbing Nachf.

Dear Sir:

Your note and the catalogue of the auction sale on March 20th have been duly received. You ask regarding our interest: My personal interest is in Greek coins. Your catalogues, however, are placed on file in the library where they may be available to any of our members who come, and therefore they may reach the hands of collectors interested in any or all of the field.

I trust this will give you the information you desire.

Very truly yours,

Secretary-Librarian

Dear Sir:

Responding to your inquiry of February 21st, I beg to advise that the full set of Numismatic Notes and Monographs, Nos. 1-36 is listed at \$52.00. Owing to the fact that there is a very small number of complete sets remaining, I am unable to offer you any discount from this price. A list of these monographs is enclosed. If there are certain ones only that you desire, and if these are not among the number that are out of print, we can furnish them separately and on such can allow you a trade discount of 15%.

Very truly yours,

Secretary

Dear Sir:

Your kind letter of July 23rd enclosing the circularist for your auction sale of November 8th 1930, has been received. Thank you very much indeed. I am returning this to you as you request, and we appreciate your courtesy in sending it.

I note your suggestion that we bear your name in mind when we are in need of mediaeval coins. Our annual appropriation for purchases is not great, but we have been giving more attention to European coins of the middle ages, and we shall be glad to bear your request in mind.

Very truly yours,

Secretary.

Perhaps, you will find some occasion to mention the catalogues in the Numismatic Society or give me the address of collectors interested in them.

Thanking you beforehand, I am, Dear Sir,
